**MSC Seascope**

MSC Seascope pays tribute to New York City, which as a destination represents the spirit of discovery and cultural experiences that is at the heart of the MSC Cruises guest experience. As such, the design features, public areas and venue names are inspired by the metropolitan U.S. city. These include a replica of the Statue of Liberty at the heart of the casino and a newly designed expansive retail and entertainment area, aptly named Times Square. The main feature of this new area is an impressive 8.5 meter-high LED wall spanning four decks with a projection of the iconic skyline of this entertainment hub in Manhattan that can change from day to night. At 1,112 feet, MSC Seascope is the longest ship in the fleet and offers 139,930 ft2 of outdoor space. Stand-out design features include spectacular glass-floored Bridge of Sighs, which is 72 feet above the Infinity Pool, stunning panoramic aft elevators and stylish glass-floor catwalks on either side of the ship on the waterfront promenade. With 7,567 ft2 of dedicated kids' space, the largest in the fleet, and re-designed rooms, the kids' area on board MSC Seascope offers an unmatched experience. From the décor, design colors, and themes of the areas, the MSC Seascope's Kids Club will give all children a chance to reach for the stars, thanks to a futuristic new theme, dedicated to space and planetary exploration.

The price includes: cruise fare, round-trip airfare from Toronto, round trip transfer, and port charges, Gov. tax. (Excludes: on-board gratuities, round-trip transfers from airport to terminal, and cruise lines reserve the right to charge fuel surcharges.)

Note: Special rate cruise cabin assignments are determined by the cruise line and cannot guarantee a specific cabin or floor location.

Rates are per person. Price may be withdrawn at any time without notice. Space is subject to availability at time of booking. Valid on new individual booking only. NGH Cruise reserves the right to change at any conditions at any time without notice.
